A SPECIAL MESSAGE FROM CAPCOM®

Thank you for selecting ZACK & WIKI™: QUEST FOR BARBAROS' TREASURE for your Nintendo Wii™ computer entertainment system. CAPCOM® is proud to bring you this new addition to your video game library.

USING THE Wii™ CONSOLE

NUNCHUK™ NEUTRAL POSITION RESET

If you move the Control Stick out of neutral position when the power is turned on, or when connecting to the Wii Remote, the new position will be set as neutral position, causing incorrect game control during gameplay.

To reset the Control Stick, allow it to return to the normal neutral position, then simultaneously hold down the A, B, + and - Buttons on the Wii Remote for three seconds.

USING THE WII REMOTE™

1. Feed the wrist strap cord through the Connector Hook.
2. Insert the Nunchuk plug into the External Extension Connector on the bottom of the Wii Remote.
3. Place your hand through the Wii Remote wrist strap and hold the Wii Remote firmly in your hand.
4. Slide the strap lock up so that the wrist strap will not fall off your wrist. Do not over-tighten the strap lock – make sure it's comfortable. It should just be tight enough to hold the Wii Remote wrist strap in place.

In this game, the ways to use the Wii Remote vary
depending on the object, such as a saw or lever, your
character is holding.

Push a button?

Hold it sideways?

Balance it?

Turn it?

Push and pull it?

How you use the Wii Remote
to solve puzzles is up to you
and your imagination!

WIKI'S BELL ACTIONS

Ring
the
bell!

EXORCISE TREASURE GHOSTS!

Spirits guard the treasure chests found in each area.

Ring the bell to drive them away... and the treasure is yours!

Hold the Wii Remote vertically and shake it left and right to ring Wiki.

CHANGE LIVING THINGS TO OBJECTS!

Ring the bell near living things to change them into helpful items

How can this object be used?

REVIVE LIVING THINGS

Ring the bell near itemized enemies to bring them back to life.

Targets that are too angry to listen to the bell can't be transformed into items.

GUIDE CURSOR

If extra Wii Remotes are connected, 2P - 4P Guide Cursors will appear on-screen. Other players can point the Wii Remote at spots they think should be checked out.

The guide cursor cannot be controlled if:

- The Pointer goes outside of the screen. Point the Wii Remote at the screen to control the Guide Cursor.
- The Wii Remote is disconnected. Press a button on the Wii Remote (any button except the Power Button) to restore the connection.

ATTENTION

Move the guide cursor with the Pointer and press the A Button to indicate areas that should be checked.

Hold the B Button while moving the guide cursor to draw a line on the screen (the line will disappear over time).

Note: You cannot use the Guide Cursor to make menu choices or check locations in the game.

HirameQs

HirameQs (HQs) are how we quantify people's imaginative power, their energy, and their courage to challenge – all raw materials for puzzle-solving, and essential for finding treasure.

There is an average HQ standard that you must in order to clear each area. The higher the HQ number is, the tougher the area will be.

Point to the button labeled **AVERAGE HQ** and press the **A** Button to display the screen where you can see the HQ level for that area.

Once you clear an area, your rankings for the area are displayed, based on your highest HQ score.

Of course, you'll always want to have the highest HQ score!

Get the
highest HQ!

TREASURE HUNTING

As the game progresses, new people might show up in the Hideout. There is far more treasure buried around the world than just Barbaros' missing body parts. A certain explorer just might be willing to help you find all that lost treasure to add to your collection.

FAILING & REVIVING

Falling into traps or getting attacked by monsters can result in your failing the stage. At the Failure Screen, point to **REVIVE** and press the **A** Button to call on the Hint Oracle. She'll help you return to the point before failing, so you can try again.

FAILURE SCREEN

To revive, you need to have Platinum Tickets to offer the Hint Oracle. Collect coins you find in the area and use them to buy Platinum Tickets at Granny's Store.

Occasionally a mistake will make further progress in an area impossible. Choose **REVIVE** to hear from the Hint Oracle about whether or not you're stuck. (You won't need a Platinum Ticket for this.).

Hood my sage advice carefully on starting over when hope is lost.

HINT ORACLE

HINTS

When you can't figure out a puzzle and feel stuck, press the **1** Button and the Hint Oracle will descend to help.

An offering of an Oracle Doll is required in order to receive a hint. Collect coins you find in the area and buy Dolls at Granny's Store.

ATTENTION

You can remember hints you've received previously. (You don't need an Oracle Doll to remember.)

When you're stuck and can't complete the stage, the Hint Oracle will proclaim that "Thou hast committed a grave mistake."

When you're stumped, seek my wisdom to find a solution!
